

## **allusion**

I am the prince of inaction,  
society's fool,  
a waste of intelligence,  
the hollow men's tool,  
a silent screamer,  
invisible to all,  
I live on the edge,  
avoiding the fall ...  
as I soar through the sky,  
and crash in the sea,  
I'll paint you a picture,  
a portrait of me.
